

The Insecure Alliance: Energy Crises And Western Politics Since 1944

This scholarly history is a rare combination of political economy and security, one that looks hard at not only state interests but also the power structure of the West. The West has endured seven major fuel crises since 1944; these crises have threatened not only the well-being of the western alliance but also its military. *The Insecure Alliance: Energy Crises and Western Politics since 1944* by Ethan B.
